

JAMO STUDIO SERIES • S 622

Specifications

	S 622
System Type	2 Way Bass Reflex
Tweeter (mm/in)	25 / 1
Woofer (mm/in)	102 / 4
Frequency Response (Hz +/- 3 dB)	80-20,000
Power Handling (Watts Long/Short Term)	80 / 130
Sensitivity (dB, 2.8V/1m)	87
Crossover Frequency (Hz)	2500
Impedance (Ohm)	6
Product Dimensions (mm/in, HxWxD)	240 x 133 x 210 / 9.4 x 5.2 x 8.3
Weight (Kg/lb)	15.2 / 33.5
Finishes	Black Ash, White Ash, Dark Apple

Design

The Jamo S 622 offers a beautiful and compact design without sacrificing audio performance, making it a great choice for use as a stereo speaker or as a surround speaker in your home cinema system. Available in three different finishes, White Ash, Dark Apple and Black Ash, the S 622 blends into your unique home décor without taking up a lot of space. A built-in keyhole mounting slot allows for quick and simple wall-mounting. The front fabric grilles are easily removable, allowing you to decide which look you prefer.

Technology

- 1-inch (25 cm) soft dome tweeter/4-inch (102 cm) aluminized woofer.
- Bass-reflex design with flared, rear-firing port: Increases speaker efficiency and bass output.
- Waveguide: A unique tweeter faceplate that provides more uniform dispersion in the critical frequency range of 2-10 kHz. Dynamics and clarity are enhanced while distortion is significantly reduced.
- Centre-plug: Replaces the typical dust cap and eliminates cone breakup, for a woofer with faster "attack" and tighter, more natural bass.
- Aluminized woofer: Increases driver cone rigidity for solid bass reproduction.
- 5-way binding posts: Allows for multiple connection options with wire up to 12 gauge (AWG).
